Wynbrook Farm has been operating a riding school and summer daycamp for many years and operates with the highest standards of safety and professional service. Our school horses as well as all staff members are carefully trained and have proven their reliability over the years in a variety of situations. However, horseback riding is a high risk sport and an accident could occur and result in serious injury or death to the rider or horse. Although all precautions are taken and carefully planned, participation in this sport is completely voluntary and denotes your acceptance of these risks and conditions. Please provide a pair of hard-soled shoes or boots with a small and definite heel for your child to wear during all riding activities. Wynbrook Farm will provide a riding helmet for each child that is ASTM safety-approved as well as safety stirrups on each saddle.
